

Ultra PLUS CRE

Medium duty, cogged raw edge wedge belt
Relative Power #120

The Fenner® Ultra PLUS CRE belt is ideal for use in high ratio applications often required by today's compact drive envelopes. Combining flexibility with structural stability, it offers higher running efficiency than wrapped belts.

Benefits

- > Special compounds improve flexibility and strength
- > Higher running efficiency than wrapped belts
- > Run cooler than wrapped belts
- > Extended temperature range -30°C to +70°C
- > PB® (Precision Build) technology, eliminating the need for matching
- > Conditionally oil resistant
- > Fully approved by all international standards
 - > BS 3790 (British Standard)
 - > ISO 4184 (International Standards Organisation)
 - > DIN 7753 (German Institute for Standardization)
 - > Static conductive in accordance with ISO 1813
 - > Conforms to American Petroleum Institute specifications
