Palm polyurethane coating over Hagane Coil® liner (stainless steel/Polyester)

FEATURES

- High performance engineered patented yarns
- Engineered Hagane Coil® fibre
- EN388 cut resistance level: 3
- ISO 13397 cut resistance level: D
- Open back design
- Anatomical hand shape design
- Seamless knit

BENEFITS

- Better advanced cut protection performance
- High Cut Resistance performance
- Lightweight palm coating ensures maximum dexterity, grip and flexibility
- PU coating provides high abrasion resistance and excellent grip
- Open back design with breathable palm keeps the hand comfortable and dry
- An ergonomically designed hand mould replicates the natural curvature of the human hand and thus reduces hand fatigue
- Seamless knitting gives no irritation

IDEAL APPLICATIONS

- Heavy equipment handling
- Mechanical engineering
- Mechanical and engineering
- Glass & window fixing
- Glass & window handling
- Heating, ventilation
- Internal fixing
- Screw & nail setting
- Steel erecting
- Steel fixing
- Intricate parts handling
- Bottling
- Canning

MATERIAL

- Polyester
- Seamless knit
- Stainless steel

COATING

Polyurethane

NORMS

USER INSTRUCTIONS

Do not use where there are chemical, electrical, thermal or entanglement risks. Wash at 40°C max. Performance levels as per standard EN388 retained after 3 washes, subject to variations linked to actual usage conditions. The performance levels apply to the coated surface only. Store in a dry place, away from the light.

DISCLAIMER

The descriptions, characteristics, applications and photos are given for information purposes and do not constitute a contractual commitment. The manufacturer reserves the right to make any modifications it deems necessary.
