

## tesa® Professional 60760 Floor marking tape / hazard tape

tesa® 60760 is a hazard tape intended for temporary use. While the substrate material is soft PVC, the modified adhesive is made of natural rubber for good adhesive strength and reliable adhesion to the surface underneath. The abrasion-proof hazard tape, which can be torn by hand, is also suited to rough surfaces and is a valuable aid when marking hazards on building sites or in workshops.

### Main Application

- Temporary marking applications \* Identify and mark mobile and stationary objects \* Adhesion on many different surfaces

### Additional Information

tesaflex® 60760 is also available with two highly visible colour-modes which accord to safety-regulations.
