

tesa Printer's Friend® 4563 PV3

Silicone coated roller wrapping tape with smooth surface

tesa Printer's Friend® 4563 PV3 consists of a cloth backing and a smooth silicone coated surface, which offers reliable "grip" and repels a variety of substances. The product design ensures high resistance to wear, easy application as well as residue-free removal even after a prolonged period of time and exposure to high temperatures.

Main Application

tesa Printer's Friend® 4563 PV3 is designed for roller wrapping in a variety of manufacturing and printing processes that utilize roller systems to process web-based materials, such as films, textiles, paper, and more.
